[Diccionario enciclopédico marítimo Español-Inglés](#) Sep 20 2021 Dentro de los diccionarios profesionales se echaba en falta un buen diccionario náutico. Ya sea porque la extensión de la obra no facilitaba que alguien se pusiera a la obra, o por la dificultad de la misma, ese vacío se quedaba sin cubrir. Gracias a la dedicación de Luis Delgado, catedrático de la Universidad de Las Palmas, con más de tres años de trabajo dedicados a este libro, podemos presentar un libro, al que hemos tenido que cambiar el título, por méritos propios, pues ha pasado de llamarse Diccionario Náutico, al título definitivo de Diccionario Enciclopédico Marítimo, con la seguridad de que va a ser un libro muy útil a todos los que necesiten conocer el vocabulario en materia de construcción y reparación naval,

transporte, logística, comunicaciones, seguros, jurídico y documentación marítima, acrónimos, y un largo etcétera. En este volumen se presentan miles de vocablos con su traslado al inglés profesional.
