Saving CeeCee Honeycutt Aug 21 2021 Read Beth Hoffman's blogs and other content on the Penguin Community. Steel Magnolias meets The Help in this Southern debut novel sparkling with humor, heart, and feminine wisdom Twelve-year-old CeeCee Honeycutt is in trouble. For years, she has been the caretaker of her psychotic mother, Camille-the tiara-toting, lipstick-smearing laughingstock of an entire town-a woman trapped in her long-ago moment of glory as the 1951 Vidalia Onion Queen. But when Camille is hit by a truck and killed, CeeCee is left to fend for herself. To the rescue comes her previously unknown great-aunt, Tootie Caldwell. In her vintage Packard convertible, Tootie whisks CeeCee away to Savannah's perfumed world of prosperity and Southern eccentricity, a world that seems to be run entirely by women. From the exotic Miz Thelma Rae Goodpepper, who bathes in her backyard bathtub and uses garden slugs as her secret weapons, to Tootie's all-knowing housekeeper, Oletta Jones, to Violene Hobbs, who entertains a local police officer in her canary-yellow peignoir, the women of Gaston Street keep CeeCee entertained and enthralled for an entire summer. Laugh-out-loud funny and deeply touching, Beth Hoffman's sparkling debut is, as Kristin Hannah says, "packed full of Southern charm, strong women, wacky humor, and good old-fashioned heart." It is a novel that explores the indomitable strengths of female friendship and gives us the story of a young girl who loses one mother and finds many others. Watch a Video

Seal Team Seven #16: Counterfire May 30 2022 A group of Palestinian extremists have acquired a nuclear warhead with the capacity to kill some two million people. Their demands are simple: Israel must evacuate all civilians and military personnel from the Gaza Strip, or the bomb will detonate in the middle of London harbor. Seal Team Seven has been called in to answer their threat with deadly force.

Modern Madness Sep 21 2021 Terri Cheney ripped the covers off her secret battle with bipolar disorder in her New York Times bestselling memoir, *Manic*. Now, in this "stigma-buster" and "must-read", she blends a gripping narrative with practical advice (Elyn Saks). Cheney flips mental illness inside out, exposing the visceral story of the struggles, stigma, relationship dilemmas, treatments, and recovery techniques she and others have encountered. Sometimes humorous, sometimes harrowing, *Modern Madness* is the ultimate owner's manual on mental illness, breaking this complex subject down into readily understandable concepts like Instructions for Use, Troubleshooting, Maintenance, and Warranties. Whether you have a diagnosis, love or work with someone who does, or are just trying to understand this emerging phenomenon of our times, *Modern Madness* is a courageous clarion call for acceptance, both personal and public. With her candid and riveting writing, Cheney delivers more than heartbreak; she promises hope.

Connecticut's Fife and Drum Tradition Aug 28 2019 The state of Connecticut boasts an extensive and active community of fife and drum groups. This musical tradition has its origins in the small military bands maintained by standing armies in Britain and Europe in the seventeenth and eighteenth centuries—the drum was especially important as it helped officers train soldiers how to march, and was also used to communicate with troops across battlefields. Today fifers and drummers gather at conventions called “musters,” which may include a parade and concerts featuring the various participating corps. According to the Guinness Book of World Records, the largest muster ever was held in Deep River, Connecticut, in 1976. Musician and historian James Clark is the first to detail the colorful history of this unique music. This engaging book leads the reader through the

history of the individual instruments and tells the story of this classic folk tradition through anecdotes, biographies, photographs, and musical examples.

The Big Book of "Why" for Parents Oct 30 2019 Winner of the 2021 Independent Press Award for Parenting & Family! Most new parents approach their upcoming adventure with mixed feelings of excitement and trepidation. There are so many questions that seem to be unanswered about their newborns and toddlers. Wouldn't it be great to have a book that helps answer those questions—especially the medically-based ones—by a board-certified pediatrician in a unique question-and-answer format? In *The Big Book of "Why" for Parents*, Dr. Clifford James does just that. Some of the most common parenting questions he addresses include: · Why isn't my breastmilk coming in? · Why is my baby constipated? · Why can't I give my baby honey? · Why shouldn't I strive to be the perfect parent? · Why does my child have night terrors? · Why won't my doctor just call in an antibiotic when my child is sick? · Why do I need to take away the bottle or pacifier? · And many more!

A First Time Parent's Survival Guide Mar 16 2021 Why don't babies come with a how to manual?" Wouldn't it be nice to have a pediatrician there with you so you could remember what was said in those well visits and to ask simple questions to? Finally a parenting book that is organized around your baby's well visits, isn't written like a text book and meant to calm you down rather than scare you about all the very rare possibilities. Dr. Cliff James is a board certified Pediatrician in private practice for the last 15 years. His goal was to write a book that could both inform and entertain a new parent. With the help of his own baby, Kaden, you get a look at parenting from a pediatrician point of view as well as the mind of a baby/toddler/evil genius. This book covers: *Choosing a pediatrician *Feeding your baby *Pee, Poop, Puke and Snot *Vaccines *What happens in the hospital *Chapters for each well visit *Developmental milestones *Illnesses *Injuries This book is designed to bring a little lightheartedness to parenthood with cartoons, jokes, and plenty of Dr. James' own disaster stories as a parent. "To often we as pediatricians and parents spend too much time emphasizing how much work it is to be a parent and lose sight of the fact children are hilarious and a great source of joy."

Tiger Check Jun 30 2022 The book illuminates the complex interactions between human and machine that accompany advancing automation in the workplace.
