[Rover, Don't Roll Over](#) Aug 19 2021 Imagine how easy dog training would be if your dog could tell you exactly how to get the results you want. In ROVER, DON'T ROLL OVER, professional dog trainer and behavioral therapist Jody Rosengarten taps into our four-legged friends' perspective to present new, more realistic approaches to dog training. Does your dog insist on sleeping on your bed? It's okay--let him! Does your pup want to eat "people food"? Don't worry--go ahead! You don't have to practice training with your dog (at least not in any obvious way) and the words you choose to use during training don't matter--really! This pro-dog, anti-dogmatic manual rejects the rigidity of traditional obedience classes in lieu of kinder, gentler practices that encourage your dog's natural joie de vivre. Written for thinking dog lovers who want to better understand what makes their companions tick, ROVER, DON'T ROLL OVER is for busy owners who want a well-behaved dog, but don't want to spend a lot of free time getting there. Spoil your dog but teach her to listen too; this alternative guide offers proven yet flexible training methods that honor human and canine alike. An alternative approach to dog training for first-time puppy owners as well as dog devotees. Features real-life training options that honor the individuality of both owner and dog. Includes daily exercises, trouble-shooting tips, and a special needs chapter for training The Timid Dog, The Bossy Dog, and The Lonely Dog.
