Labour Export Policy in the Development of Southern Africa Feb 21 2022

The book's

broad theme is that the evolution of the power to control labour flows among different territorial jurisdictions was of major importance in the formation of a system of states. Labour export policy in eight countries in Southern Africa is examined over roughly the century 1890-1990 in Botswana, Lesotho, Malawi, Mozambique, Swaziland, Tanzania, Zambia, and Zimbabwe. The proportion of the total population absent working in another country is graphed for each, and combined, over the same

Scrum Wars Apr 25 2022 The image of the scrum – a beleaguered politician surrounded by jockeying reporters – is central to our perception of Ottawa. The modern scrum began with the arrival of television, but even in Sir John A. Macdonald’s day, a century earlier, reporters in the parliamentary press gallery had waited outside the prime minister’s office, pen in hand, hoping for a quote for the next edition. The scrum represents the test of wills, the contest of wits, and the battle for control that have characterized the relationship between Canadian prime ministers and journalists for more than 125 years.

Scrum Wars chronicles this

relationship. It is an anecdotal as well as analytical account, showing how earlier prime ministers like Sir John A. Macdonald and Sir Wilfrid Laurier were able to exercise control over what was written about their administrators, while more recent leaders like John Diefenbaker, Joe Clark, John Turner, and Brian Mulroney often found themselves at the mercy of intense media scrutiny and comment.

The Development of Child Protection Law and Policy

Nov 01 2022 This book examines how child protection law has been shaped by the transition to late modernity and how it copes with the ever-changing concept of risk. The book traces the evolution of the contemporary child protection system through historical changes, assessing the factors that have influenced the development of legal responses to abuse over a 130-year period. It does so by focussing on the Republic of Ireland where child protection has become emblematic of wider

social change. The work draws on a wide range of primary and secondary sources including legislation, case law and official and media reports of child protection inquiries. It also utilises insights developed through an extensive examination of parliamentary debates on child protection matters. These materials are assessed through the lens of critical discourse analysis to explore the relationship between law, social policy and social theory as they effect child protection. While the book utilises primarily Irish sources, this multidisciplinary approach ensures the argument has international applicability. The book will be a valuable resource for all those with an interest in the development of child protection law.

Give and Take Mar 01 2020 A book about tax history that's a real page-turner? Give and Take is full of surprises. A Canadian millionaire who embraced the new federal income tax in 1917. A socialist hero who deplored the burden

of big government. Most surprising, twentieth-century taxes have made us richer, in political engagement and more. Taxes make the power of the state obvious, and Canadians often resisted that power. But this is not simply a tale of tax rebels. Tillotson argues that Canadians also made real contributions to democracy when they taxed wisely and paid willingly.

history of the only primarily African military unit from Zimbabwe to fight in the First World War. Recruited from the migrant labour network, most African soldiers in the RNR were originally miners or farm workers from what are now Zimbabwe, Zambia, Mozambique, and Malawi. Like others across the world, they joined the army for a variety of reason, chief among them a desire to escape low pay and horrible working conditions. The RNR participated in some of the key engagements of the German East Africa campaign's later phase, subsisting on extremely meager rations and suffering from tropical diseases and exhaustion. Because they were commanded by a small group of European officers, most of whom were seconded from the Native Affairs Department and the British South Africa Police, the regiment was dominated by racism. It was not unusual for black soldiers, but never white ones, to be publicly flogged for alleged theft or insubordination. Although it

remained in the field longer than all-white units and some of its members received some of Britain's highest decorations, the Rhodesia Native Regiment was quickly disbanded after the war and conveniently forgotten by the colonial establishment. Southern Rhodesias white settler minority, partly on the strength of its wartime sacrifice, was given political control of the territory through a racially exclusive form of self-government, but black RNR veterans received little support or recognition. No Insignificant Part takes a new look at an old campaign and will appeal to scholars of African or military history interested in the First World War.

Interrogation and Torture Jan 23 2022 "This book focuses on the science, law and morality behind interrogational methods. It develops, for the first time, a comprehensive discussion regarding the legality of torture and the efficacy of interrogation. In other words, scientific research has concluded that torture is not effective. This then raises a natural question: What interrogational methods are effective? How does one employ those methods in way that is consistent with law and morality?"--

International Financial Statistics Dec 10 2020 The IFS is a standard source of international statistics on all aspects of international and domestic finance. It reports, for most countries of the world, current data needed in the analysis of problems of international payments and of inflation and deflation, i.e., data on exchange rates, international liquidity, money and banking, interest rates,

prices, production, international transactions, government accounts, and national accounts. Information is presented in country tables and in tables of area and world aggregates.

McNamara, Clifford, and the Burdens of Vietnam 1965-1969 Jul 17 2021

Overseeing the Vietnam War and contending with these complex policy issues taxed even McNamara's enormous energy and brilliant intellect as he struggled to manage DoD programs. His long-cherished cost-cutting programs fell by the wayside; his favored weapons systems were swept aside; his committed efforts to limit strategic arms faltered;

and his reputation was permanently tarnished. McNamara, Clifford and the Burdens of Vietnam highlights the interaction of McNamara and Clifford with the White House, Congress, the JCS, the Department of State, and other federal agencies involved in policy formulation. The two secretaries increasingly found that the cost of winning the war became a morally prohibitive as the price of losing.

The Rise of an African Middle Class Jul 29 2022 An in-depth look at Africans who challenged the status quo in colonial Zimbabwe:

“Impeccable and original scholarship.” —American Historical Review Tracing their quest for social recognition from the time of Cecil Rhodes to Rhodesia’s unilateral declaration of independence, Michael O. West shows how some Africans were able to avail themselves of scarce educational and social

opportunities in order to achieve some degree of upward mobility in a society that was hostile to their ambitions. Though relatively few in number and not rich by colonial standards, this comparatively better-off class of Africans challenged individual and social barriers imposed by colonialism to become the locus of protest against European domination. This extensive and original book opens new perspective into relations between colonizers and colonized in colonial Zimbabwe. “Offers an extremely sophisticated, nuanced view of the social and political construction of an African middle class in colonial Zimbabwe.” —Elizabeth Schmidt

Investigative Reporters &
Editors Book Award Finalist
2021 How Latino activists
brought down powerful Arizona
sheriff Joe Arpaio. Journalists
Terry Greene Sterling and Jude
Joffe-Block spent years
chronicling the human
consequences of Sheriff Joe
Arpaio's relentless immigration
enforcement in Maricopa
County, Arizona. In Driving
While Brown, they tell the tale
of two opposing movements
that redefined Arizona's

political landscape—the
restrictionist cause advanced
by Arpaio and the Latino-led
resistance that rose up against
it. The story follows Arpaio, his
supporters, and his
adversaries, including Lydia
Guzman, who gathered
evidence for a racial-profiling
lawsuit that took surprising
turns. Guzman joined a
coalition determined to stop
Arpaio, reform unconstitutional
policing, and fight for Latino
civil rights. Driving While
Brown details Arpaio's
transformation—from
"America's Toughest Sheriff,"
who forced inmates to wear
pink underwear, into the
nation's most feared
immigration enforcer who
ended up receiving President
Donald Trump's first pardon.
The authors immerse readers
in the lives of people on both
sides of the battle and uncover
the deep roots of the Trump
administration's immigration
policies. The result of tireless
investigative reporting, this
powerful book provides critical
insights into effective
resistance to institutionalized
