Alaska Sourdough, Revised Edition

Jan 23 2022 A perennial best seller that's been in print for over 50 years, Alaska Sourdough—part valuable historical reference and part kitschy souvenir—now offers more than 95 recipes with even more interesting facts and Alaskan lore for sourdough fans. Written by one of Alaska's most foremost sourdough historians, Alaska Sourdough is a witty and useful primer for sourdough cookery. For decades Alaskans have ordered their lives around their sourdough pots, and Ruth Allman was no different. In this book she shares her own time-tested advice for home cooks and novice bakers, as well as little-known facts and history about sourdough. Sourdough was a staple in pioneer-era Alaska and without it, folks would not survive. Alaska's Sourdough features two types of starters and discusses the nuances of time on the starter that only a pioneer can know. The book then walks the reader through how to keep sourdough alive and the dozens of things that can be made from it—from hotcakes and waffles, to breads, rolls, muffins, and coffee cakes. But what was once utilitarian may seem peculiar today—sourdough baked Alaska? It was the only way to make such novelty desserts in pioneer time, and Ruth's writing offers a charming glimpse back to another era. You'll want to try some of her favorite recipes for such delights as sourdough cakes, doughnuts, cookies, and dumplings, along with

accompanying sauces, syrups, and toppings. With an all-new foreword by writer and food journalist Addie Studebaker, this new edition transports you back into a nostalgic Alaskan world filled with comfort, love, fun, and, of course, sourdough. *Chilton Ford Service Manual* Sep 30 2022

Moods of Future Joys Aug 18 2021 An updated edition including new color photographs and a new afterword looking back at the journey Alastair Humphreys' around-the-world journey of 46,000 miles was an old-fashioned adventure: long, lonely, low-budget, and spontaneous. Cycling across five continents and sailing over the oceans, his ride took four years to complete, on a tiny budget of hoarded student loans. Here is the story of the first remarkable stage of the expedition. Just two weeks into the ride the September 11th attacks changed everything. All Humphreys' plans went out the window and, instead of riding towards Australia, he suddenly found himself pedaling through the Middle East and Africa and on toward Cape Town. This book recounts an epic journey that succeeded through Humphreys' trust in the kindness of strangers, at a time where the interactions of our global community are more confused and troubled than ever.

Swimming Society Book of the Year 2018 After a decade of trying and failing to become a mother, Jessica Hepburn knew it was time to do something different. So she decided to swim twenty-one miles across the English Channel - no easy feat, especially for someone who couldn't swim very well. As the punishing training schedule commenced, Jessica learned you need to put on weight to stave off the cold. This gave her the idea to meet and eat with a collection of inspiring women, and ask them: does motherhood make you happy? From baronesses and professors to award-winners and record-breakers, each of the women had compelling truths to tell about fulfilment and the meaning of motherhood.

Walking with Jason Mar 25 2022 John Hunt is a kind and gregarious man. His eyes twinkle and his face beams. He is a retired businessman and still retains that drive. I met John the summer of 2000. He came for the graduation ceremony of the crew of students that Jason had led, and we talked. Jason had a difficult course which is

common for new instructors. The next summer Jason emerged as a solid leader and had a wonderful course. Several months later while on a climbing vacation in British Columbia Jason took a tragic fall. His family's reaction was to create a foundation in Jason's name that supported his love of the outdoors. The Jason William Hunt Foundation had had tremendous impact on many people especially young people in transition who want to expand their horizons. This happens in an outdoor setting lead by instructors like Jason. It happens every summer at the Wilderness School. John's only son, Jason, will forever be twenty-four years old. My son John is twenty-five. Our sons like many young men seek adventure. Parents care deeply about their children and the fear of losing a child dwells in all of us. How does a parent cope with the tragic loss of their beloved child? Walking with Jason is a quest to trace Jason's brief life as a young man. John becomes the youthful adventurer and visits Jason's world. John seemingly falls through the looking glass and discovers a mysterious and wonderful world inhabited by troubled adolescents, craggy Thru-hikers, idealistic outdoor leaders and others who visit nature's realm. Ultimately John's odyssey is a very personal journey of self-discovery and gives us a compass bearing on how to deal with the sudden loss of a child. I will forever be connected to Jason, Danielle, Amy, Rosemarie and John. Thank you for generous hearts and concern for youth. Tom

The St Andrews Old Course

Starter's Box was sold in a controversial international auction on 10 September 2001, the day before the infamy of the Twin Towers attack. 'Play Away Please' recounts the glory of the little building in St Andrews, 'the home of golf', and tells the tale of those who used its services for 77 continuous years. Unlike many epics, the story does not centre on a rich dynasty or a heroic quest for the truth. Instead, it centres on the production of the perfect round of golf and the global marketing of the Box - one of the most celebrated buildings in the world of sport - as a brand and an icon. The book also chronicles the suspense and notoriety that greeted the Box after its voyage from Scotland to California, by way of the Panama Canal, and the role it assumed as an emotional balm for many in the aftermath of the 11 September atrocity. Alas, nothing is as simple as it seems and miracles are rare. The businessman who bought the Box was imprisoned before it reached Los Angeles, accused of stealing millions from the real-estate development that was to be its home. Eight years later, a happy ending was finally brought about, but only after a healthy dose of gut-wrenching fear and suspense became a part of the story. Supplemented with exclusive photographs, 'Play Away Please' is also a personal story of patronage and odyssey to assure the Box's preservation as the sporting world's consummate symbol of integrity and fair play. Along the way, the author brings to

life the unforgettable local characters of Fife, celebrating their customs, lifestyle and unique command of the English language.

Social Assistance in Albania

Aug 30 2022 Albania provides a small amount of social assistance to nearly 20% of its population through a system which allows a degree of community discretion in determining distribution. This study investigates the poverty targeting of this program. It indicates that relative to other safety net programs in low income countries, social assistance in Albania is fairly well targeted to the poor.

Mars in their tiny plastic-bubble spacecraft. They were on the alert--it didn't pay to take anything for granted in the Big Vacuum....The way between the worlds was mostly empty space--except for the outlaws of the void who drifted, patiently and vengefully waiting for a victim, then struck! Nelson and Ramos tensed--blips on the radar screen! Maybe meteors... More blips--and fist-sized chunks of rock flicked through their fragile vehicles. Air puffed out ... and Nelson and Ramos were fighting for their lives...*... A Million Miles Beyond the Moon!*

Unlimited Horizons Jun 03 2020 Designed as a stopgap measure to provide overhead reconnaissance capability during the early years of the Cold War, the versatile U-2 has since evolved to meet changing requirements well into the 21st century. Though many authors have documented the airplane's operational history, few have made more than a cursory examination of its technical aspects or its role as a NASA research platform. This volume includes an overview of the origin and development of the Lockheed U-2 family of aircraft with early National Advisory Committee for Aeronautics (NACA) and National Aeronautics and Space Administration (NASA) involvement, construction and materials challenges faced by designers and builders, releasable performance characteristics and capabilities, use of U-2 and ER-2 airplanes as research platforms, and technical and programmatic

lessons learned.

Idea Man Apr 01 2020 By his early thirties, Paul Allen was a world-famous billionaire-and that was just the beginning. In 2007 and 2008, Time named Paul Allen, the cofounder of Microsoft, one of the hundred most influential people in the world. Since he made his fortune, his impact has been felt in science, technology, business, medicine, sports, music, and philanthropy. His passion, curiosity, and intellectual rigor-combined with the resources to launch and support new initiatives-have literally changed the world. In 2009 Allen discovered that he had lymphoma, lending urgency to his desire to share his story for the first time. In this classic memoir, Allen explains how he has solved problems, what he's learned

from his many endeavors-both the triumphs and the failures-and his compelling vision for the future. He reflects candidly on an extraordinary life. The book also features previously untold stories about everything from the true origins of Microsoft to Allen's role in the dawn of private space travel (with SpaceShipOne) and in discoveries at the frontiers of brain science. With honesty, humor, and insight, Allen tells the story of a life of ideas made real.
