The last Shelby Cobra Dec 24 2021 Carroll Shelby, legendary driving ace, race team owner, and designer of Shelby Cobra, Daytona, and Mustang GT350 classics is revered by automotive enthusiasts, yet little has been written about the last quarter century of Carroll Shelby's life. During that time Chris Theodore, VP at Chrysler and Ford, developed a close personal friendship with Carroll. The Last Shelby Cobra chronicles the development of the many vehicles they worked on together (Viper, Ford GT, Shelby Cobra Concept, Shelby GR1, Shelby GT500 and others). It is an insider's story

about how Shelby came back to the Ford family, and the intrigue behind the five-year journey to get a Shelby badge on a Ford Production Vehicle. The author provides fresh insight and new stories into Shelby's larger-than-life personality, energy, interests and the many unpublished projects Carroll was involved with, up to his passing. Finally, the book describes their unfinished project, the Super Snake II Cobra, and the serendipitous circumstances that allowed to the author to acquire 'Daisy,' the last Shelby Cobra. To his many fans, Carroll Shelby was truly 'the most interesting man in the world.'
