**The Prophet by Khalil Gibran** May 06 2020 Jamil Elabed, the author of this 8th Golden Copy edition of the translation into Arabic of Kahlil Gibran's *The Prophet*, spent twenty years and eight editions refining this work. The Arabic language is his greatest passion. As a graduate of English Language and Literature, his English language skills helped him translate one of the greatest books in history into Gibran's mother tongue, a book that has sold more than one hundred million copies worldwide and has been translated into more than a hundred languages. Jamil revelled in the company of Gibran's visions and thoughts over the years, hence his relentless refinement to bring this Golden Copy to as close to perfection and thorough faithfulness to the original text as he possibly could. This obsession was driven by his primary purpose of providing Arabic readers with the same pleasure that readers of the original English text bask in. This herculean linguistic challenge Jamil undertook changed his life in so many ways. The vagueness of being was no longer as vague; we are no longer more body than spirit; what is here is not all that is there. *The Prophet* is a long poem that we all crave to sing. A song the translator sang with Gibran, albeit in Arabic this time. The Arabic words and phrases came from the same reservoir and transcendental echoes as their English counterparts; from the same mysterious caves, bearing the same breath and the same rhythm. However, the translator leaned heavily on the grandeur and the inherent vigorousness and tunefulness of the Arabic language that sent its words fluttering like robins in flight, and the phrases streaming like a brook in a melody of image and sound, reflecting those which Gibran saw and heard in his short but enormously bountiful and inspiring life.

Gibran's descriptions celebrate the dignity and freedom of animals, birds, the seasons, oceans, clouds. [Speak to Us of Love](#) Dec 25 2021 Introducing us to the most famous poems of the Lebanese poet Kahlil Gibran, Osho takes the reader into a mystical world, addressing essential issues in everybody's life. The famous

verse that gives the title to this book is about "love"—but not the ordinary love we know from novels and movies. Speak to us of Love gives a taste of a contemporary mystic at work, trying to disrupt our dreams, illusions, and the state of unconsciousness that prevents us from enjoying life to the fullest. This is about and for the millions of people in the world who have killed their love with their own hands, and who are now miserable. They never wanted to kill it, there was no intention to kill their love, but in their unconsciousness they started possessing. Husbands possess their wives, wives possess their husbands, and parents possess their children. Teachers are trying in every possible way to possess their students. Politicians are trying to possess countries. Religions are trying to possess millions of people and control every aspect their lives. This book shows that life can only thrive in freedom. Love never allows anyone to possess it, because love is our very soul. For Osho, the basis of all our neuroses or psychoses is simple: our souls are not nourished. Love, the basic nourishment, is missing. Osho comprehensively trounces the so-called religious and philosophical approaches to life. All that is of worth is to be found, not in the extraordinary, but in the ordinary; not in fantastical ideas of the "other world" beyond death, but in this very world that we find ourselves in here and now. In short, this book shows that making a simple yet utterly basic shift in our lives will awaken the silence in our beings and bring joy into our every moment.
