**Federal Rules of Civil Procedure As Amended Through April 1, 2007** Aug 25 2019 Updated to include the latest amendments and proposals, this statutory supplement provides the clearest and most useful collection of statutes and rules for courses in civil procedure even including a sample set of local rules. The Supplement's unique organizational structure presents much information, but manages to do so without sacrificing a clean and usable presentation of the rules. A clever system of annotation succinctly explains amendments, and a separate presentation of the advisory committee notes now grouped by rule allows inclusion of red-lined versions of the rules, thus making the notes easy to understand and enabling reconstruction of the versions formerly in effect. This presentation reflects the fact that advisory committee notes are as important to a theoretical study of civil procedure as to a doctrinal or practical approach.

*Building the Old Time Religion* Jul 05 2020 During the Progressive Era, a period of unprecedented ingenuity, women evangelists built the old time religion with brick and mortar, uniforms and automobiles, fresh converts and devoted protégés. Across America, entrepreneurial women founded churches, denominations, religious training schools, rescue homes, rescue missions, and evangelistic organizations. Until now, these intrepid women have gone largely unnoticed, though their collective yet unchoreographed decision to build institutions in the service of evangelism marked a seismic shift in American Christianity. In this ground-breaking study, Priscilla Pope-Levison dusts off the unpublished letters, diaries, sermons, and yearbooks of these pioneers to share their personal tribulations and public achievements. The effect is staggering. With an uncanny eye for essential details and a knack for historical nuance, Pope-Levison breathes life into not just one or two of these women—but two dozen. The evangelistic empire of Aimee Semple McPherson represents the pinnacle of this shift from itinerancy to institution building. Her name remains legendary. Yet she built her institutions on the foundation of the work of women evangelists who preceded her. Their stories—untold until now—reveal the cunning and strength of women who forged a path for every generation, including our own, to follow. Priscilla Pope-Levison is Professor of Theology and Assistant Director of Women's Studies at Seattle Pacific University. Her previous books include *Sex, Gender, and Christianity*; *Turn the Pulpit Loose: Two Centuries of American Women Evangelists*; *Return to Babel: Global Perspectives on the Bible*; *Jesus in Global Contexts*; and *Evangelization in a Liberation Perspective*.
